Total 9.31 9.57 9.63 9.70 9.34
Paris, New York, and Sydney collectively account for nearly half of the total listings, with average ratings of approximately 93%, indicating strong guest satisfaction. However, Hong Kong has the fewest listings and the lowest ratings, highlighting a potential need for improvement in listing quality and guest experience. Other cities show relatively balanced performance.

airbnb

Trust

Over two-thirds of Airbnb hosts are verified, while nearly one-third remain unverified. Anonymous accounts are very rare, accounting for only around 0.4% of hosts.

From April to August, Paris and Rome receive more reviews, reflecting peak European travel season. During December, New York sees a rise in monthly reviews, indicating increased holiday-season tourism.
